English Teachers Club	<p>This course aims to analyze current literature on the subject of English Language Teaching as a Foreign Language and propose solutions to the challenges presented by the lack of English students and professors in the University.</p> <p>This course is not lecture-based. The goal is to have bi-weekly meetings in which the teachers would get together and discuss articles and techniques available in the academy as well as the outcomes of its applications in their classes mixed with their own personal experiences. The final outcome of the meetings would be an action- plan to improve the quality of English proficiency among our students and professors.</p>	Luiza Mota	Presencial	Pendiente. Una reunión cada dos semanas	Pendiente	Pendiente
